Weller's
Perennials
with that
Wonderful Root System

TERMS

Prices net and subject to change without notice.

All goods travel at purchaser's risk and expense.

Prices are F. O. B. Holland, Mich.

Packing and Cases will be charged at cost price.

We allow 5% discount for cash with order, 2% 10 days or net 30 days after date of invoice.

All offers subject to goods being unsold upon receipt of order.

Orders from unknown parties must be accompanied with cash or satisfactory reference.

All claims for damage occurring in transit should be made on the Railroad or Express Company delivering the goods. If boxes are broken or any other visible damage done, it should be noted on the receipt to be used in filing claim.

CANADA

Prices quoted in this catalogue are in American Currency. Canadian customers should remit by draft on New York or Postal Money Order payable in American dollars.

OUR GUARANTEE (Read Carefully)

All plants offered in this list are grown in our own nurseries and handled by experienced help, so that such stock as grown from cuttings or divisions, we know to be true to name and are glad to guarantee it as such. Should it by mistake prove otherwise, we shall gladly refund, upon proper proof, the original amount paid for the stock, or make replacement of the original order. Plants grown from seeds are from seed stocks obtained from the most reliable growers. Seeds, however, do not always come true to color of some kinds of plants, so that, while we are always interested in the results obtained from our stock and glad to meet our customers in possible disappointments, we cannot be held responsible.

We do not divide our plants before shipping, but send the entire plants as dug out of the field. Dividing is only done in rare cases and then only because it is necessary to get the best results.

If after receiving, you are not satisfied with the quality of our stock, you will afford us a favor by letting us know and we will replace anything you mention without charge or further question, providing complaint is made within ten days from date of invoice.

A FEW POINTERS TO REMEMBER

All our Perennials are strong, field grown stocks.

All our Perennials have been transplanted into the field.

All our Perennials are shipped as dug from the field.

All our Perennials are shipped from young stocks; no old, overgrown stock.

All our orders are checked three times before going into the box.

All we work for is a larger Perennial business all the time.

WELLER'S PERENNIALS

"With That Wonderful Root System"

A Slogan which carries the Goodwill of Hundreds of our Customers

INTRODUCTION

Space is too limited to say everything about Perennials we would like to tell, though we are so enthusiastic about their possibilities in every branch of Floriculture and Horticulture that we could probably write books about them. As we advance, however, we aim to render our customers such service and furnish them with such information as will enable them to take up Perennials commercially and make them a profitable and important part of their business.

OUR NURSERIES

Our nurseries are located in Holland, Michigan, consisting of one hundred acres of the finest sandy loam soil and with enough variety to adapt itself to all classes of plants. The growing is completely supervised by five members of our own family, so that we have the strictest order among our employees and have a great advantage over many nurseries, continually confronted with the scarcity of experienced help.

OUR PACKING

Our packing as well as our digging is supervised by two members of our family, one in the grading room and the other in the packing room. The interest of our customers is, therefore, continually at heart, both in the grading of the stock and in packing for a safe transportation. All orders are counted and checked three times before boarding a train, first in the field, second in the grading room and third when packed, so that mistakes are hardly possible.

OUR CATALOGUES

Our catalogues serve two purposes: one to offer our goods for sale and the other to render our customers service in whichever way possible, with all kinds of information valuable to every branch of their business. You will, therefore find it a great convenience to save it and keep it in a handy place for easy and immediate reference at any time.

FLORISTS

The necessity of Florists having "A Patch of Perennials for Outflowers" has already become vital. This catalogue will furnish you with all information necessary to make such a planting. If our personal advice is required, ask us for it.

NURSERYMEN

Neither can the nurserymen ignore the Perennials; the public wants them. Our catalogue is the most complete Perennial catalogue out, and is compiled in a manner that will enable the Nurseryman to give his customers reliable information about Perennials and their habits. We grow large quantities of the most popular kinds, so that we are always prepared for large orders and glad to make special quotations in such cases.

LANDSCAPE GARDENERS

We are probably in a position to serve Landscape Gardeners better than most growers of Perennials. Our list of varieties is complete, our stock will flower in abundance the first season, and our catalogue is the most descriptive.

Cordially yours,

WELLER NURSERIES COMPANY, Inc.

Holland, Michigan.

Weller's Herbaceous Perennials

For Fall and Spring Delivery

Why You Will Find Weller's Perennials the Best and Most Satisfactory

Because we make a specialty of growing them to perfection, and make it our point to give you SERVICE, QUALITY, AND VALUE. Our plants make REAL ROOTS, and what is more important to a Perennial than a GOOD ROOT SYSTEM?

All plants offered in this list are strong, field-grown, the only Perennials that give satisfaction. They are far better than pot-grown plants, as they are more vigorous and healthy, and sure to flower in abundance the first season. We want your business, and to keep it, for we are growing more every year. You will not appreciate our stock and good service until you have convinced yourself by a trial order.

GENERAL LIST

Those marked (*) are especially suited for cutting; those marked with (†) are best suited for rockeries.

In description the flowering period is indicated by the name of the months as May-June, etc.

All Perennials two years old unless otherwise indicated.

DUTCH AND SPANISH IRIS

The top size is used mostly for forcing, whereas the first size can be successfully grown in cold frames or a very cool greenhouse, and the second size is used mostly for outside planting.

Any of these Dutch Iris are good forcing varieties while *Imperator* is the leading and most popular. *Wedgwood* is in strong demand because it is the *VERY FIRST* to bloom. *David Bless* is second early, with all other varieties following a close third. *Hart Nibbrig* being about the last one to bloom.

DUTCH IRIS

Per 1000

	Top Size	1st Size	2nd Size
ANTON MAUVE. Pearl blue, large flower.....	\$45.00	\$36.00	\$28.00
DAVID BLESS. Very early, light blue.....	55.00	42.00	35.00
DR. HARRING. White, blue sheen.....	45.00	36.00	28.00
FRANS HALS. Primrose yellow, standards pale blue.....	45.00	36.00	28.00
HART NIBBRIG. Clear blue.....	45.00	36.00	28.00
HUCHTENBURG. Orange yellow, standards palest blue.....	45.00	36.00	28.00
IMPERATOR. Brilliant blue. Large flower.....	40.00	32.00	26.00
REMBRANDT. Dark blue.....	45.00	36.00	28.00
VAN EVERDINGEN. Pale yellow.....	45.00	36.00	28.00
WEDGEWOOD. Light blue, very early.....	150.00	130.00	110.00
WHITE EXCELSIOR. Pure white.....	45.00	36.00	28.00
YELLOW QUEEN. Very tall, deep yellow.....	55.00	45.00	36.00

SPANISH IRIS

The Spanish Iris are not quite as large nor as tall as the Dutch, although the form and shape of flower is identical. They bloom somewhat later than the Dutch Iris, but are preferred by many for outside planting as they are considered somewhat harder than the Dutch.

Of the Spanish Iris King of the Blues is the most popular one, followed closely by Belle Chinoise and Cajanus for yellow; Louise for lavender; Queen Wilhelmina or British Queen for white; La Reconnaissance for dark bronze which color does not exist in the Dutch varieties.

Top Size 1st Size

	Top Size	1st Size
ALEX VON HUMBOLDT. Clear deep blue.....	\$36.00	\$27.00
BELLE CHINOISE Deep yellow.....	40.00	30.00
BRITISH QUEEN. Large pure white.....	36.00	27.00
CAJANUS. Canary yellow, tall stem.....	40.00	30.00
DARLING. Deep purplish blue.....	36.00	27.00
KING OF THE BLUES. Very deep purplish blue.....	36.00	27.00
LA RECONNAISSANCE. Dark bronze.....	40.00	30.00
LOUISE. Light lavender.....	36.00	27.00
QUEEN WILHELMINA. White, tinted lavender.....	34.00	25.00
MIXED COLORS. Well balanced.....	30.00	22.00

The bulbs are ready for delivery the latter part of August until middle of October. If they are planted outside, it is well to give them a little mulching to prevent heaving in early Spring, because most of them, if planted early enough, will show some growth above the ground before winter.

NEW AND IMPORTED VARIETIES: NOVELTIES AND RARE SPECIES WHICH YOU SHOULD GROW

The Perennial business is certainly a most wonderful business. Besides that it is only in its infancy in this country, and can stand a lot of improvements, the variety of types and classes is so large, that if we lived a hundred years or more, we would still be only beginners. We therefore keep on experimenting and importing new and rare varieties from year to year to obtain something new and better all the time and it is giving us a lot of pleasure. As varieties are found to be a valuable addition we offer them to the trade and we feel satisfied that the following list will draw a great deal of interest from your customers and will help increase your Perennial business in larger proportion to the small amount of the investment.

Varities marked with (*) are good for cut-flowers.

Varities marked with (†) are good for rockeries.

	Per 10	Per 100
AQUILEGIA (Columbine)		
*HELENEA. Very large, outer petals blue, center white. 3 ft. May-June. This is the largest Columbine in existence	\$ 1.25	\$10.00
ARTEMISIA (Southern Wood)		
*SILVER BEAUTY. A beautiful new variety, similar to the Silver King, but in appearance more striking and effective and of better keeping qualities. The color is a perfectly grey-silver without the slightest green tints. The stems are stronger than the Silver King and the leaves twice its size, making it doubly effective wherever it is used. Splendid for Landscape effect and cutting.....	4.00	35.00
ASTER (Michaelmas Daisy)		
*NOVAE ANGLIAE BARRS PINK. (New) Very large open flowers of beautiful pink with yellow and bronze center, 4 ft.....	1.75	15.00
SUNSET. (New) Large clear pink on the order of St. Egwin, but larger and better, retaining its original color unto the end.....	2.50	20.00
BUDDLEYA (Butterfly Bush)		
*FARQUHARI. (New) An improved variety of Butterfly Bush. The flower spikes of rich purple are well arranged all around the stem instead of being flat-like and bare underneath as of the ordinary variety.....	3.00	25.00
CLEMATIS TANGUTICA. (New). Flowers solitary, bright yellow, nodding, two inches across. A fine climber growing 10 ft. high. Flowering in June and July. Later in the summer, large heads of feathery fruits. Very handsome	6.00	50.00
DELPHINIUM (Larkspur)		
*GRANDIFLORA CINERARIA COERULEA. (New) Dark azure-blue flowers, resembling the Cineraria, being flat without spurs. A beautiful variety	2.50	20.00
*LAMARTINA. (Imported). Single light blue with conspicuous white center. Very tall grower, enormous spike, growing 6 to 8 ft. high. A wonderful variety	3.50	30.00
*QUEEN WILHELMINA. (Imported) A beautiful shade of lavender, overlaid with pink shadings	4.50	40.00
DIANTHUS BARBATUS (Sweet William)		
†NANUS COMPACTUS. A dwarf variety of Sweet William, excellent for Rockeries. Mixed colors	1.25	10.00
†NANUS COMPACTUS FLORE PLENO. A dwarf variety, excellent for Rockeries. Semi to double flowers. Mixed.....	1.25	10.00
DIANTHUS PLUMARIUS (Hardy Pink)		
†NANUS FL. PL. A dwarf variety of the Pink, very good for Rockeries, flowering single and double mixed.....	1.25	10.00
DIANTHUS VARIOUS TYPES		
†ALPESTRIS. Dwarf Alpine. Handsome rosy-purple flowers.....	1.75	15.00
EUPHORBIA (Milkwort)		
†CYPARISSIAS. Pretty evergreen plant. Yellow flowers. 1 ft. May-June. Extra fine for Rockeries	1.25	10.00
GAILLARDIA (Blanket Flower)		
*GRANDIFLORA DAZZLER. (New) Very large bright golden yellow with rich maroon center	1.75	15.00
GYSOPHILLA (Baby's Breath)		
*ACUTIFOLIA. Like Paniculata, but bright rose flowers. 3 ft. July-August	1.25	10.00
HELIOPSIS (Orange Sunflower)		
*SCABRA GRATISSIMA. (New) Imported variety. A full double golden yellow. Excellent for cutting. 100% true. Each \$1.00.....	9.00	75.00
*SOLEIL D'OR. Free blooming, golden yellow. 5-6 ft.....	1.50	12.00
INCARVILLEA (Hardy Gloxinea)		
†DELAVAYI. Rose-pink flower, produced in large trusses. 18 inch. All summer. Also valuable for greenhouse decoration.....	1.75	15.00
†GRANDIFLORA. Larger flowering than the above.....	1.75	15.00
MERTENSIA (Blue Bells)		
PANICULATA. Lavender pink flowers in loosely paniced racemes. Excellent for woodland planting or in very shady places. Will grow under any condition. 3 ft. June.....	1.75	15.00

WELLER NURSERIES COMPANY, INC., HOLLAND, MICHIGAN.

	Per 10	Per 100
NEPETA (Ground Ivy)		
†WILSONI. A new variety of deeper color than the Mussini. Color lavender. 12 inch. Flowering all summer.....	1.50	12.00
OENOTHERA . (Evening Primrose)		
SPECIOSA ROSEA. Bright rose. 1½-2 ft. June-September.....	1.75	15.00
PENSTEMON (Beard's Tongue)		
*ACUMINATUS. Beautiful violet color on extra tall and well filled spikes. 2-3 ft. Extra fine. July	1.50	12.00
PHLOX DECUSATA (Hardy Phlox)		
LOUISE GANNA. (New) Large flowering, dark mauve-rose, purple eye.....	1.75	15.00
PHLOX SUFFRUTICOSA (Early Flowering Hardy Phlox)		
*PINK BEAUTY. (Syn. The Queen) (New) A beautiful and very striking suffruticosa variety of the same habit and merits as Miss Lingard. The color is a clear mauve-pink, holding its color to the end and lasting about twice as long as the Miss Lingard. It is fine for cutting and because of its earliness, and its rare color, is a very valuable addition to our Phlox family. Fieldgrown plants. Each \$1.50.	12.50	100.00
PHYSALIS (Chinese Lantern)		
*BUNYARDI. (New) There has always been a good demand for the fruit of Chinese Lantern plants during the Winter and at Christmas time. The variety Franchetti has given fair satisfaction, because there has never been a variety offered that would do better. In the variety Bunyardi we have found a better grower which will stand the heat of the sun better and produces a larger and better colored fruit. Color bright orange. Grown from imported stock. Don't buy seedlings, they are not true.	1.50	12.00
POTENTILLA (Cinquifol)		
†ATROSANQUINEA. (Gibson Scarlet) Beautiful scarlet. 12 inch. May-June	1.50	12.00
POTERIUM (Japanese Burnet)		
*OBTUSATUM. (Imported) Tall and graceful spikes of pink flowers, feathery leaves. 3 ft. All summer. Excellent for cutting.....	3.00	25.00
PYRETHRUM (Painted Daisy)		
†HYBRIDUM ROSEUM NANUM. A dwarf variety, very good for Rock Gardens. Single mixed	1.50	12.00
SALVIA (Flowering Sage)		
*PRATENSIS TENORI. (Atroviolacea) An improved variety of the Pratensis, with still larger and deeper blue flowers.	1.75	15.00
SEDUM (Stonecrop)		
†PRUNIATUM FOSTERIANUM. Pretty glaucous, bluish-green leaves of trailing habit. Golden yellow flowers on 6 inch stems. Beautiful Sedum....	1.75	15.00
SEMPERVIVUM (House Leak or Hen and Chickens)		
See varieties in general list.		
STATICE (Great Sea Lavender)		
*PSEUDO ARMERIA MAURITANICA. (New) A beautiful, Armeria-like Statice, with flowers of a true deep pink, clear color, measuring two inches or more in diameter. A wonderful variety for cutting and a true novelty	4.00	35.00
VERONICA (Speedwell)		
†TEUCRIUM ROYAL BLUE. Deep blue. 10 inch. May-June.....	1.75	15.00
VIOLA CORNUTA (Tufted Pansy)		
†APRICOT. Beautiful rich apricot and orange.	1.75	15.00
†PRIMROSE DAME. Sulphur yellow.....	1.75	15.00
†PUCK. Clear purple-violet with lower petals golden yellow.....	1.75	15.00
†ROSE QUEEN. Beautiful orchid-pink.....	1.75	15.00
VIOLA ODORATA (Violets)		
The most popular variety that has been grown for the last number of years is the Prince of Wales, which, as long as there has been very little to compare it with, has been satisfactory. But the following two varieties are so far superior in flowering and fragrance, that we would almost advise to discontinue the above. The following varieties are much larger in bloom, and flower in great abundance all summer. Besides, every flower has a long enough stem to appear in perfect order far above the foliage. The colors are very distinct.		
†EMPRESS AUGUSTA. Finest dark blue. Everblooming.....	1.75	15.00
†QUEEN CHARLOTTE. Large dark blue. Everblooming.....	1.75	15.00
YUCCA (Adams Needle)		
VARIEGATA. Very ornamental variegated foliage, green and golden yellow stripes	3.50	30.00

MIGNON DAHLIAS

Traveling in Europe three years ago, Mr. P. Weller was surprised at the popularity of the Mignon Dahlia over there. Everywhere he observed most gorgeous and striking beds of these beautiful flowers—in parks and private gardens, along boulevards and driveways. He made up his mind that if anything should be introduced in America, it should be the Mignon Dahlias. Since then, we have been growing them with wonderful success. We have been selling at wholesale—a fine mixture—for the last two years and we have had several compliments from our customers as to the wonderful show they made the first summer after planting and that they were selling well at retail and brought several repeat orders.

The Mignon Dahlia is unsurpassed for bedding plants, where quantities of flowers are required during the summer months. These single-flowered Dahlias attain a height of about 18 inches and begin to flower early in June and continue to do so until frost. The flowers are about 2 to 3 inches across and the colors are most striking, from pure white to golden yellow and orange and from light pink to deep carmine red and purple. They should be set about 18 inches apart in beds in June, either in the border or solid beds.

Where a great deal of color is desired, we strongly recommend the Mignon Dahlia.

GLADIOLI AND DAHLIAS

We handle an up-to-date list of varieties of Gladioli and Dahlias, new varieties as well as the popular commercial varieties and shall be glad to send you our list upon application. We issue another catalog in the winter in which a complete list of both will be offered.

A FEW HINTS TO REMEMBER ABOUT PERENNIALS

Get them from the Express Company immediately upon notice of arrival.

Unpack immediately upon receipt and if unable to plant, put them in low boxes and high flats, in wet moss, being careful that the tops do not come too much in contact with the moss, and put them in a cool place in your building.

If shipment arrives at night, be sure to take the covers off, so that the plants can get air and are not exposed to heat.

Don't leave a shipment of Perennials stand over Sunday, but unpack first. Some Perennials have to be packed perfectly dry to insure safe transportation. Be sure to revive them in wet moss and in a cool place before bringing them out in the field.

In planting Perennials, be sure that the weather is right. Too much sun or dry warm wind is hard on the plants and the results are sometimes very discouraging. Some Perennials require shade and a sprinkle of water in order to establish them, which can easily be detected by the nature of the plants.

Plants with soft, fluffy foliage are hard to handle. The following varieties require special attention: Alyssum, Arabis, Arenaria, Artemisia Silver King, Aubretia, Bellis, Campanula, Cerastium, Chieranthus, Digitalis, Hollyhocks, Leontopodium, Papaver, Pyrethrum and Violas.

Good Perennials cost money and bills have to be paid, so it pays to be careful. Every plant lost increases the cost of the survivor.

VARIEGATA. Very ornamental variegated foliage, green and golden yellow stripes.....	3.50	30.00

SOME PERRENIALS SUITABLE FOR CUTTING AND DRYING

This is a class of plants which may be most profitable of all. They can be cut in flower during the summer and put in bunches to dry, hanging them upside down in some dry place until winter, when they can be used in bouquets very artistically in the place of greens at any time.

VARIETIES SUITED FOR ROCKERIES

At various stages of our lives come changes in fashions, building, recreation and everything else that is worth our time and consideration, so why should there not be one in gardening? There is, however, one difference: while change in everything else puts the old method out of date, in landscape gardening it means just another way of doing things; in other words, a larger variety, a bigger field. This is true in Rockgardening—practically a new fad, but a good one and here to stay. You will lose business by not having a good collection to offer. Plant a collection in your trial grounds where people can see them and they will buy.

The following varieties of Perennials are suited for Rockeries and can be found in our general list in their respective places alphabetically marked with (†) in front, with description, and reasonable wholesale prices.

Achillea Tomentosa	Jasione Montana
Ajuga Reptans	Lavendula Vera
Alyssum in varieties	Leontopodium Alpinus
Anchusa Myosotiflora	Linaria in varieties
Anthemis Montana	Linum Lewisii
Aquilegia Alpina	Lychnis Alpinus
Arabis in varieties	Lychnis Haageana
Arenaria Montana	Mertensia Virginica
Armeria in varieties	Myosotis in varieties
Aster Alpinus	Nepeta in varieties
Aster Alpinus Albus	Papaver Nudicaule
Aster Amellus Elegans	Penstemon Glabra
Astranthia Major	Penstemon Glabra Rosea
Aubretia in varieties	Penstemon Pubescens Pygmaeus
Bellis Perenne	Phlox Amoena
Betonica in varieties	Phlox Divaricata Canadensis
Calamintha Alpina	Phlox Subulata Alba
Campanula Carpatica	Phlox Subulata C. F. Wilson
Campanula Carpatica Alba	Phlox Subulata Lilacina
Campanula Rotundifolia	Phlox Subulata Rosea
Campanula Turbinata	Physostegia Virginica Vivid
Cerastium in varieties	Platycodon Grandiflora Mariessi
Chieranthus in varieties	Plumbago Larpenaea
Chrysanthemum Maximum Articum	Potentilla in varieties
Dianthus Barbatus Nanus Compactus	Pyrethrum Hybridum Roseum Nanum
Dianthus Barbatus Nanus Compactus Fl. Pl.	Ranunculus Repens Fl. Pl.
Dianthus Plumarius Caesius	Saponaria in varieties
Dianthus Plumarius Nanus Fl. Pl.	Sedum in varieties
Dianthus Alpestris	Sempervivum in varieties
Dianthus Deltoides	Silene Asters Gr. Fl.
Dianthus Deltoides Alba	Silene Shafta
Dianthus Deltoides Brilliant	Spergula Pilifera
Erinus Alpinus Roseus	Spiraea in varieties
Erysimum Pulchillum	Stokesia in varieties
Euphorbia Cyparissias	Thymus Citriodorus
Grass Festuca Glauca	Tunica Saxifraga
Gypsophilla Repens	Veronica Amethystina
Gypsophilla Repens Rosea	Veronica Elegans
Helianthemum Mutabilis	Veronica Incana
Heuchera in varieties	Veronica Repens
Hypericum Perforatum	Veronica Teucrium
Iberis in varieties	Veronica Teucrium Royal Blue
Incarvillea in varieties	Vinca Minor
Inula Ensifolia	Viola Cornuta in varieties
Iris Pumila in varieties	Viola Odorata in varieties

To give our customers the benefit of the lowest prices and for those not familiar with the varieties of Rockplants, we offer the following collections (Our Selection of varieties) at special attractive prices.

Number of Plants	For 100	For 250	For 500	For 1000

ULRICH BRUNNER. Red.....	4.00	35.00

EVERGREENS

We grow a small line of Evergreens, this having been one of our hobbies in the Netherlands and to fill some of our land which is too heavy for the cultivation of Perennials. We do not grow a large variety, but what we grow is A No. 1, properly transplanted or root-pruned and trimmed to perfection. We have wonderful stock of Juniperus Pfitzeriana, clean, perfect in shape and the true type. Especially of the spreading we have wonderful plants up to five feet in diameter. Evergreens being only a sideline with us, we are not equipped to pack small orders and can only sell in carload lots or to our Michigan and neighboring customers who can come after them with their trucks. Our spreading Juniper Pfitzeriana can not be packed anyway, they are too large for that.

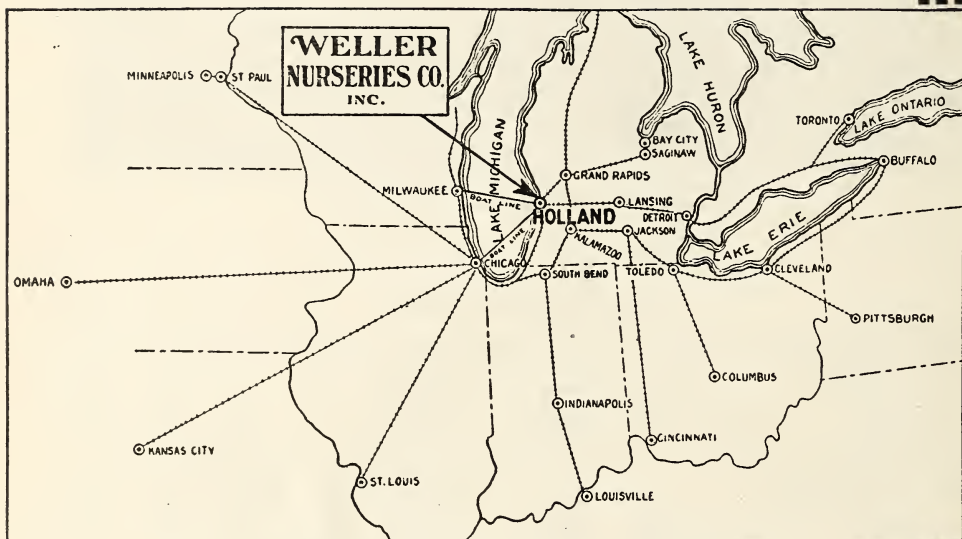

A small part of our field of Spreading Pfitzers.

Prices for balled and burlapped.

NOTICE TO OUR NEIGHBORING CUSTOMERS.

We grow a good many more Evergreens in smaller quantities, which you can pick up with other stock at reasonable prices. Come to see us and we will help you out whenever we can.
